

## Only ONE God

Some today claim that a plurality of “gods” exists. The reason for more than one god existing is so that men can be “politically correct” and recognize the god of any given religion. What led men to the point in which we find ourselves today, recognizing all gods, when only One God truly exists?

Validating the existence of God using the Bible is ridiculous to many. After all, it is easy to prove the existence of the Bible God when one uses the book He wrote. However, using that same book, one can also disprove the existence of any other god as well. God, no other god, created the heavens and the earth (Genesis 1:1). From the earliest of time, He rightfully claimed Himself to be the great “I AM” (Exodus 3:14 & 14:18), the only true God. He also commanded that “no other gods” be put before Him (Exodus 20:3). Therefore, regardless of what some may think, feel, or even believe, there is only ONE God - the God of heaven one reads about in the Bible. His word declares such and men can believe it.

May we at the Cleveland church of Christ assist you in serving the god of heaven? He sent His Son to die on the cross that you might live, if you will but obey the gospel of Christ by believing on Jesus and having your sins washed away in baptism (John 3:16, Acts 2:38 & 22:16, Mark 16:16, Matthew 28:18-20). Join us for worship. Visitors are welcome.
